

MERKURION® *Controller*

EN

- Control up to four pumps simultaneously
- Display pressure, current and voltage
- Easy handling thanks to intuitive Touch-Display

NICHTS ist unerreichbar.

Technical Data

■ Input Voltage	230 V AC
■ Output Voltage	3 – 7 kV
■ Output Power	125 W per channel
■ Connector Style	10 kV SHV (SAFECONN)
■ Display	Touch-Display
■ Display Options	pressure, current, voltage and programmable options
■ Set Points	4 TTL, 4 Relay
■ Communications	Ethernet, RS232, RS485
■ Dimensions	220 × 133 × 471 mm
■ Weight	9,5 kg
■ Conformity to Norms	CE, EN61000-6, EN61000-4-2, EN61000-4-3, EN61000-4-4, EN61010-1

Technical Accessories

MERKURION® Cable available in different lengths.
